Notes to Financial Statements

Year ended March 31, 2015

The Sault College of Applied Arts and Technology (the "College") is a provincial community college offering educational programs and upgrading to the accessing communities. The College is considered a Non-profit Schedule III Agency of the Ontario provincial government. The College is a not-for-profit organization and, as such, is exempt from income taxes under the Income Tax Act (Canada).

1. Significant accounting policies:

The financial statements have been prepared by management in accordance with Canadian Public Sector Accounting Standards including the 4200 standards for government not-for-profit organizations.

(a) Revenue recognition:

The College follows the deferral method of accounting for contributions which include donations and government grants.

Operating grants are recorded as revenue in the period to which they relate. Grant amounts relating to future periods are deferred and recognized in the subsequent period when the related activity occurs. Grants approved but not received at the end of an accounting period

are accrued.

Tuition fees and contract training revenues is recognized on the basis of teaching days incurred during the fiscal year.

1. Significant accounting policies (continued): (e) Retirement and post-employment benefits and compensated absences (continued): (ii) The cost of westing and sequential leave hosefite are networkelly determined and discount rates. Adjustments to these costs arising from changes in actuarial assumption and/or experience are recognized over the estimated average remaining service life of the employees. (iv) The discount used in the determinations of the above-mentioned liabilities is equal to the College's internal rate of borrowing. (f) Financial instruments Financial instruments are subsequently recorded at cost or amortized cost unless management has elected to carry the instruments a fair value. Management has elected to record all interpretated and fair value to record all interpretated and fair value to record all interpretated at fair value on constructions.	1. Significant accounting policies (continued): (e) Retirement and post-employment benefits and compensated absences (continued): (iii) The cost of vertice—and sequentine—sink loose benefits are estimated determined using management's best estimate of salary escalation, employees' use of entitlement and discount rates. Adjustments to these costs arising from changes in actuarial assumption and/or experience are recognized over the estimated average remaining service life of the employees. (iv) The discount used in the determinations of the above-mentioned liabilities is equal to the College's internal rate of borrowing. (f) Financial instruments: Financial instruments are recorded at fair value on initial recognition. Derivative instruments and equity instruments that are quoted in an active market are reported at fair value. All other financial instruments are subsequently recorded at cost or amortized cost unless management	1. Year ended March 31, 2015

(h) Use of estimates:

The preparation of the financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the year. Significant items subject to such estimates and assumptions include the collection of pledges receivable, the carrying amount of capital assets, and obligations related to employee future benefits. Actual results could differ from those estimates.

2. Accounts receivable:

	2015	2014

r	
<u> </u>	

result of contamination being introduced in air, soil, water or sediment of a chemical, organic, or radioactive material or live organism that exceeds an environmental standard. This Standard relates to sites that are not in productive use and sites in productive use where an unexpected event resulted in contamination. The College adopted this standard on a retroactive basis and there were no adjustments as a result of the adoption of this standard.
